Dan & Gene,

See below the message I received from Joe's Close friend

"Hi Ken, well after days of confusion friends and relatives were able to locate Joe's will...there will not be a viewing, as per his wishes.

There will be a memorial at the VFW in Vernon where he was the Commander for many years. Date is undetermined. I will keep you posted. Thank you for reaching out."

I will get the info to you as soon as I receive it.
