Minkah named to first team consensus All-American again
Remember he has made All-American 2 years in row
Just received Chuck Bednarick and Jim Thorpe award
Has one national championship and see what happens this year
Am confident coming from Prep he has good grades
Can easily get his degree in off season
Will be projected to be a top 10 pick in draft
Take the money now
Complete your degree and even post-graduate degree in off seasons
One injury and all that \$\$\$ goes away
Plus what more can he achieve on the college level
