Rioting Renewed In Belgium
Strikers Shout: 'Premier Eyskens To the Gallows!'

BRUSSELS, Belgium (UPI) — Some 25,000 demonstrators marched in Brussels today and rioters surged through Antwerp smashing stores and offices windows, attacking streetcars and buses, and clashing with police.

One policeman was reported injured in a series of clashes with a crowd of 3,000 rioters in the high-northeastern town.

TRENTON — A spectacular advance toward reclaiming the 15,324 acres of tidal marshlands known as the Hackensack meadows has been achieved by the authority created by the Legislature to do the job.

Although it is only four months old and still not fully organized, the Meadowlands Regional Development Agency has accomplished something that hitherto was only talked about. It has pulled together into one immense reference volume all the widely scattered technical and legal information that exists concerning the vast tract.

WHO OWNS the meadows and how much acreage do they own? What are the exact boundaries of the meadows? How high does the tide reach at certain key points? What plans have already been made to develop the meadows and how much will they cost? Answers to these and many more questions are either supplied or suggested.

O'Connell, 23, of 153 Hopkins Ave., Jersey City, confessed the shooting last night and was charged with murder, police said.

TWO ALLEGED accomplices of O'Connell were arrested by police earlier in the day. They were O'Connell's brother, James, 22, of 7 Orient Ave., Jersey City, and Russell Wolf, 38, of 57 Amherst St., East Orange. Police said they were being held on a charge of concealing the crime. Assistant Hudson County Prosecutor Edward Zampella said O'Connell and Wolf at first had each blamed the other for Pascher's murder, but that O'Connell finally admitted the slaying after lengthy interrogation.

O'Connell had originally claimed that he and Wolf went to the doctor's office to rob him and that when Pascher resisted, Wolf shot him, Zampella said.

POLICE WERE put on the trail of O'Connell Sunday when his brother, James, 22, under arrest as a disorderly person, first confessed to the crime, then retracted and implicated his brother.

The brothers' row that led to the solution of the crime occurred Saturday night in the apartment of Mrs. Ruth Ortiz, 23, of 344 Duncan Ave., Jersey City, whose husband is in jail for non-support.

A neighbor called police, but when they arrived Robert O'Connell had fled. James was booked as disorderly.

After spending New Year's Eve in jail, James told a prison guard that he had information on the Union City murder.

UNDER QUESTIONING by Detective Alexander Forsythe, James confessed to killing the dentist.

Forsythe checked with Union City police, and on being faced with discrepancies in his story, James broke down and named his brother and Wolf.

James told police he had confessed to protect his brother.

But officials weren't buying that story. "Only a psychiatrist could explain why James tried to take the blame," Zampella said. "It certainly wasn't brotherly love because he hated his brother."

House Shows Catholics as Predominant

WASHINGTON (RNS)—Roman Catholics in the House of Representatives are more numerous than members of any other single religious affiliation, a survey of the new 87th Congress disclosed here. Protestants as a whole, however, continue to outnumber those of any other religion.

Although the number of Catholic members dropped from 91 in the 86th Congress to 86 in the new Congress, they outnumber Methodists, who now have 76 and are the second most numerous.

are the second most numerous.

Presbyterians number 61 in the new House, while Baptists have 52 members and Episcopalians, 53.

Lutherans have 18 members, the Congregational Christian Churches, 19, and its sister denomination in the United Church of Christ, the Evangelical and Reformed Church, has 2 members.

Disciples of Christ have 13 members in the House.

Jewish members total 11 in the House. A total of 17 members list their affiliation only as “Protestant” while 3 decline to list any affiliation. Rep. D. S. Saund (D-Cal.), the only Sikh ever elected to Congress, has been re-elected.
Seek Youths In Shooting Of Hunter

N. J., TUESDAY, JANUARY 3, 1961

ROBERT and his brother Wayne, 16, were in the meadow area south of Secaucus Road near Tonnele Avenue and had fired their own 16-gauge shotguns at several scurrying targets.

Wayne told Sixth Precinct detectives that four or five boys between 15 and 17 years old were in the same area firing wildly.

A blast struck Robert, standing about 50 feet away. He dropped with wounds in his face, left shoulder, right hand and left thigh. Wayne was untouched.

The younger Berry carried his brother to Tonnele Avenue, about 500 feet from the shooting, and called police.

Violent Movies Called Helpful

CHICAGO (UPI) — Violent movies and lurid comic books can be useful in keeping society from blowing its top, Dr. I.A. Burch, clinical psychologist for the University of Illinois, said Monday.

"These stories may represent fantasy expressions for these urges and make it unnecessary to express them in action," Burch said.

Her 'Crush' On Singer Overdone

By DOROTHY RICKER

A reader writes: “I am a 17-year-old boy and I am going steady with a very nice girl. The problem is that when I take her out all she talks about is a certain young male singer. She buys all his records and anything else that has his name on it.

“Last Saturday I had a date with her and we met some of her girl friends. All or them started yakking about this singer. Finally I got sick of it and asked her to find something else to talk about. She got mad at me and has hardly spoken to me since. I’ve tried to apologize but she won’t listen.

Never Met Him

“Perhaps I’m jealous (as she says) but I like the girl and I don’t see why she always has to talk about a boy she will never meet.

Let Her Sit Home

A.—Many young girls develop crushes on male singers and TV stars, but I think your girl is overdoing it. She is either younger than you are or she is very immature for her age.

My advice is to let her sit home for a few nights. I’ll bet that, after a few evenings alone just listening to her “idol,” she will come down to earth and decide it’s more fun to be with a live date than it is just dreaming alone about a ‘voice.’

Who'll Rule Roost in '61?  
Here Are Some Predictions

By CASIMIR RAKOWSKI

What will 1961 be like on the Hudson County scene? Who will dominate the picture and which teams will take home all the marbles? It's a difficult time to start picking winners and top stars but we'll give it a try and look at the results on Dec. 31.

THE SOUTH HUDSON basketball race will wind up in a three-way tie among Snyder, St. Peter's and Dickinson with 9-3 records. St. Peter's wins the crown in an overtime.

Mike Rooney, John Wendelken, Jim Barry and Mike Whelan top county scorers ... Holy Family cagers surprising quite a few teams.

THAT'S JUST WHAT he said, too, "second division." Leo has been quoted over and over again as having said, "nice guys finish last." But what he actually said, as recorded by the fine New York columnist Frank Graham in 1946, is that

LEO DUROCHEr

"the nice guys over there are in last place." He was pointing at the Giant dugout in the Polo Grounds when he said it and in referring to Mel Ott, he said: "Nice guys! Look over there. Do you know a nicer guy than Mel Ott? Or any of the other Giants? Why, they're the nicest guys in the world! And where are they? Buried in the second division!"

MEL OTT

* * *

Durocher Must Be Broke To Consider Coaching Job

Leo Durocher must be in desperate straits if he is willing to accept a job as coach for the Dodgers. At best, the position can pay no more than $15,000 or $20,000. Leo used to require almost that much alone for his wardrobe each year when he was making $50,000 with the Giants.

If he does return, there should be some interesting developments. Can you imagine Leo keeping his mouth shut and taking things in stride the way Walter Alston does after a particularly tough defeat? Alston is typical of the "nice guys" Leo once said finish in the second division.
COMING DOWN TO EARTH — George Fleming of Washington, after hurdling the Minnesota line is about to be brought down to earth by Gopher halfback Bill Munsey (28) during first period action in yesterday’s Rose Bowl game won by the Huskies, 17-7, for second straight year.
Robertson Could Set NBA Mark

Oscar Robertson is unlikely to win the individual scoring title in his rookie National Basketball Association season but he may achieve an unprecedented all-around offensive performance.

Official NBA statistics reveal today that the Cincinnati Royal star is leading in field goal percentage and assists, ranks third in free throw percentage. This marks the first time in NBA history that any player has ranked so high in so many offensive departments.

---

Robertson, who has scored 1217 points for a 30.4 average, has a .475 field goal percentage and has 371 assists for a 9.3 average. He’s made 365 of 437 free throw tries for an .835 percentage.

Wilt Proves Too Much For Knicks

Wilt Chamberlain and Elgin Baylor tallied 102 points between them last night at Philadelphia’s Convention Hall. Chamberlain’s 56 markers drowned the New York Knickerbockers 131-115 while Baylor’s 46 points highlighted the Los Angeles Lakers’ 123-113 triumph over the Detroit Pistons.

Chamberlain and the Warriors shot out to a commanding 36-18 first period lead. But with Willie Naulls, New Jersey native Dick Budd, a rookie from Wake Forest, Richie Guerin and Dick Garmaker connecting the New York five cut the deficit to 90-86 after three periods.

Gravy Conservation

The countryman wishes that high-level etiquette authorities would pontificate concerning some of the practical issues that confront him. A man blessed with a wife and teen-age daughters expects precarious moments. Now the time has come to do something about gravy.

We are not referring to brownish spots on shirt fronts nor to those tell-tale dark blotches on light-hued ties. They are, of course, regrettable; but a man of perspicacity can learn to lean forward.

The point at issue is how to corral gracefully the good gravy left on one's plate after the meat and potatoes have been dispatched. It isn't always possible to come out even, and if gravy is still on the plate, it deserves to go to its natural destiny.

The countryman has tried various methods and techniques. Cornbread, although crumbly, can be patted into a safe forkful when gravy soaked; any ordinary muffin, if not too coarse-textured, serves well; each muffin half well soaked in gravy usually constitutes two satisfying mouthfuls.

The best mopper-upper discovered to date is a half biscuit—a brown, crisp-crusted home-made biscuit with a hot, fluffy interior. Butter the half lightly; corral the gravy; and let the biscuit absorb just enough so that the innards are moist but the crust stays crumbly. Be careful to lean forward, and make the half biscuit do for two mouthfuls. It is also helpful to look downward at the plate rather than at the feminine members of the family.
